

Dear Members,

Following advice from Bowls England, your committee has concluded that the green and facilities REMAIN CLOSED for the foreseeable future in the best interests of ALL club members. We are in regular contact, and observing National and Local situations. The recent increase in Coronavirus cases in Herefordshire now places the County in a high % risk bracket. The Club facilities and the Green would be subject to stringent requirements for isolation and sanitisation both by the Club and from individual members.

As the situation develops in June,(hopefully lessening the risk, but equally it could suddenly worsen) your committee will take further guidance and inform members of the way forward at our Club.

Thank you for your understanding and patience. Your best interests are at the heart of all our discussions and decisions. Stay safe and enjoy the sunshine.

Best wishes

Doug Lowe

For and on behalf of Weobley and District Bowling Club Committee
